

ALL SICK WOMEN

SHOULD READ MRS. FOX'S LETTER

In All Parts of the United States Lydia E. Pinkham's Vegetable Compound Has Effected Similar Cures.

Many wonderful cures of female ills are continually coming to light which have been brought about by Lydia E. Pinkham's Vegetable Compound, and

Mrs. Fannie D. Fox

through the advice of Mrs. Pinkham, of Lynn, Mass., which is given to sick women absolutely free of charge.

Mrs. Pinkham has for many years made a study of the ills of her sex; she has consulted with and advised thousands of suffering women, who to-day owe not only their health but even life to her helpful advice.

Mrs. Fannie D. Fox, of 7 Chestnut Street, Bradford, Pa., writes:

Dear Mrs. Pinkham—

"I suffered for a long time with womb trouble, and finally was told by my physician that I had a tumor on the womb. I did not want to submit to an operation, so wrote you for advice. I received your letter and did as you told me, and to-day I am completely cured. My doctor says the tumor has disappeared, and I am once more a well woman. I believe Lydia E. Pinkham's Vegetable Compound is the best medicine in the world for women."

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. She asks nothing in return for her advice. It is absolutely free, and to thousands of women has proved to be more precious than gold.

KILLED IN WRECK.

Fast Train Wrecked at Atwater, Ohio, Yesterday.

Cleveland, O., June 30.—Fast Pennsylvania train No. 32, Cleveland to Pittsburgh, was wrecked yesterday south of Atwater, between Ravenna and Alliance.

One man was killed, three fatally and twelve seriously injured. The rails spread and the engine and all but one coach went over an embankment. Engineer W. O. Baldwin of Cleveland was fatally injured, as was Fireman Moore of Wellsville. The dead man was Cornelius Mulhall of Cleveland. A section hand, name unknown, was struck and fatally hurt.

PRESIDENT AT HIS HOME

Oyster Bay Turned Out En Masse Yesterday.

GAVE WARM RECEPTION.

Was Busy With Affairs of State Soon After Arriving There — Expressed Pleasure Over the Greeting.

Oyster Bay, L. I., June 30.—The government yacht Sylph with President Roosevelt on board arrived here yesterday from Bridgeport. The President as soon as the yacht had dropped anchor entered a launch which took him to the float of the Seawanhaka-Corinthian Yacht Club. The float was decorated with flags and bunting, and above it was stretched a broad white banner on which were the words, "Welcome Home" in red letters. The banner had a broad blue border.

All the school children in Oyster Bay and the Cove were lined up the whole way from the yacht pier to the railroad station, and as the President passed through their lines they cheered and waved flags.

When the Sylph was abreast of Centre Island a salute of twenty-one guns was fired from the Seawanhaka Boat Club's anchorage by order of Commodore William K. Vanderbilt, Jr. When the yacht reached the head of the canal another salute of twenty-one guns was fired by the Lavrock, Vice-Commodore William J. Mattheson's yacht, which was lying there.

Entire Village Turns Out.

No reception committee had been appointed, but the whole village was at the dock and railroad station. As soon as he landed from the launch Mr. Roosevelt shook hands with those of his neighbors who could get close enough to him, and then started for the railroad station, about 500 feet away, walking between the long lines of children.

The little ones cheered and waved their flags enthusiastically as the President passed, and he bowed and smiled as he walked along. Reaching the station he passed through it to the village side, where Mrs. Roosevelt was waiting for him in a carriage. He was then driven through the streets and out to Sagamore Hill.

Every house in the village was decorated with flags and bunting, and flags were hung across the streets. At the entrance to Sagamore Hill flags had been draped with a shield for a centerpiece, and under this the carriage was driven on its way to the house.

The President expressed himself as deeply touched by the reception which

Life a Burden

There are times when life seems a burden—when you are tired, worn-out, have dull pains in the head and a continual feeling of uneasiness. You have no appetite, and your digestion is poor; your sleep broken, and you get no rest.

Little annoyances seem great mountains of trouble, and you are blue, melancholy and given over to gloomy forebodings.

This means low vitality—exhausted brain nerves.

For this condition Dr. Miles' Restorative Nervine is a specific; it is a food for the nerves. It builds up the nervous system, and restores lost energy.

Try it to-day and see if your sleep is not sound and refreshing, and the morrow brighter and more hopeful.

"I am glad to announce that I have recovered my health, as far as my advanced age will permit, as I am 82 years old. My case was very bad; my nerves were all shattered. I suffered much pain and coldness; was so weak and felt so sad and lonely and heart-broken. When I commenced taking Dr. Miles' Restorative Nervine I was completely prostrated. I have taken the Restorative Nervine, Heart Cure and Kerye and Liver Pills, and they cured me."

his neighbors had extended him, and as he drove homeward remarked:

"This is the best demonstration I ever saw in Oyster Bay."

Mr. Roosevelt spent the afternoon quietly at Sagamore Hill with the members of his family. He and Secretary Loeb transacted some official business.

YOUNG MAN IMPROVING.

Thought He Will Recover from Injury to Head.

St. Albans, June 30.—The condition of John Branch, Jr., who had his skull fractured Wednesday morning by a kick in the forehead from a horse, was very favorable yesterday and the doctors now think that unless inflammation sets in his chances for recovery are the best.

Dr. Davidson, Hyatt and Paige operated on Mr. Branch Wednesday and six pieces of the fractured skull were removed in the afternoon. Mr. Branch came out from under the influence of the ether and since that time his mind has been perfectly clear and he has talked with his father and mother. The doctors say today that the chances are 95 out of 100 that the young man will recover.

Mr. Branch is an estimable young man and his host of friends will follow his condition with anxious solicitude for his rapid restoration to health.

PREPARATIONS FOR REMOVAL

Ceremonies in Connection With Paul Jones Reburial.

ELABORATE PLANS MADE

American Naval Escort of 535 Officers and Men Will Reach Paris on the Morning of July 6.

Paris, June 30.—The programme of the ceremonies attendant on the removal of the body of the American admiral, Paul Jones, from Paris, has been given out. An American naval escort of 535 officers and men will arrive in Paris during the morning of July 6, and will be met at the Invalides railroad station by a company of French troops. These will escort the Americans to the barracks of the Military School, which the government has placed at the disposition of the United States sailors and marines.

At 3:30 in the afternoon the ceremony of the delivery of the admiral's body to the representatives of the American government will be held in the American church on the Avenue de l'Alma. Invitations have been issued to the officials, diplomats and American patriotic organizations.

The body will lie in state in the chapel of the church. Gen. Porter, former ambassador to France, as custodian of the body—the recovery of which was due entirely to his efforts—will make a brief address previous to turning over the body to Francis B. Loomis, representing the United States government. Mr. Loomis, in turn, will commission Rear Admiral Sigsbee, commander of the American escorting squadron, to transport the body to the United States.

Eight American marines will carry the casket to an artillery caisson, on which it will be publicly conveyed to the Esplanade of the Invalides. The route of the procession will be through the Champ Elysees and across the Alexander Bridge, halting before the tomb of Napoleon. The casket will there be deposited on a high catafalque, surrounded by flags and flowers, and an entire division of French troops will pass in review before it.

After these military honors the body will be placed on an open railway car guarded by a French and American escort. A train will leave Paris for Cherbourg at 10 o'clock at night with the open funeral car and the American blue-jackets and marines.

UNSIGHTLY BALD SPOT

Caused by Sores on Neck. Merciless Itching For Two Years Made Him Wild.

ANOTHER CURE BY CUTICURA

"For two years my neck was covered with sores, the humor spreading to my hair, which fell out, leaving an unsightly bald spot, and the soreness, inflammation, and merciless itching made me wild. Friends advised Cuticura Soap and Ointment, and after a few applications the torment subsided, to my great joy. The sores soon disappeared, and my hair grew again, as thick and healthy as ever. I shall always recommend Cuticura. (signed) H. J. Spalding, 104 W. 104th St., New York City."

RECOVERING FROM WOUNDS.

John L. Powers Will Be Able to Be Out in a Short Time.

Burlington, June 30.—John L. Powers, who was shot in the thigh and abdomen last week at the mouth of the river, is reported as rapidly recovering from his wounds. They are healing nicely and he will soon be able to be out again. The wound will not give him any permanent inconvenience, although the muscles were quite badly torn. The hearings in the cases of Frank and Orson Bouger now under bail of \$1,000 each and Hollis Bean under bail of \$200 in connection with the shooting are set for Saturday. It is not probable that Powers will be able to attend the hearing if held then.

CYCLONE HITS KANSAS TOWN

Eighteen Lives Reported Lost in Blow.

THIRTY OTHERS INJURED

Houses and Barns Smashed Into Kindling Wood — Crops in Large Section Were Destroyed.

Lincoln, Neb., June 30.—Eighteen persons are reported killed by a cyclone in the vicinity of Phillipsburg, Kan., while scores of houses and barns were smashed into kindling wood. The rain and wind destroyed crops in a large section of the territory.

A terrific hailstorm accompanied the cyclone. The Rock Island roundhouse roof was beaten into a sieve. Chunks of ice twenty inches in circumference were picked up on the floor after crashing through the roof.

Thirty persons were more or less injured. Several may die.
